

S M Ashikur Rahman - CV

Contact Information

- **Current Affiliation:** Genetic Engineering and Biotechnology Department, Shahjalal University of Science and Technology (SUST)
 - **LinkedIn:** [linkedin.com/in/sm-ashikur-rahman](https://www.linkedin.com/in/sm-ashikur-rahman)
 - **GitHub:** github.com/ashiq-sm
 - **Email:** ash1q.gen.sust@gmail.com
-

Professional Summary

Dynamic Genetic Engineering undergraduate at SUST with:

- 3+ years programming/IT experience
 - Specialization in Python, Linux, and bioinformatics
 - Authored automated RNA-seq analysis pipeline (GitHub)
 - 481+ professional connections on LinkedIn
-

Education

Shahjalal University of Science and Technology BSc in Genetic Engineering & Biotechnology
(2021-2027)

- Perfect score (100/100) in Python programming course (CSE114J)
 - 1st Prize - SUST Quran Olympiad 2025
-

Professional Experience

CodeAlpha Data Science Intern

- Developed Iris Flower Classification model (GitHub)
- Implemented ML pipelines in Python (basic)

CHIRAL Bangladesh Workshop Participant (Apr 2025)

- Linux for Bioinformatics certification
 - RNA-Seq pipeline development for breast cancer case studies
-

Technical Skills

Programming: Python | R | Linux/Bash

Bioinformatics: Seurat | scRNA-seq | NCBI Data Handling

Tools: Google Colab | Vs Code | Jupyter Notebooks

Key Projects

Automated scRNA-seq Analysis Pipeline

- Built with R/Seurat for disease vs control studies
- Features: Adaptive QC, clustering algorithms, publication-ready outputs
- GitHub Repository

Iris Classification Model

- Machine learning implementation for flower species prediction
 - Python-based solution with sklearn integration
-

Certifications

- Linux for Bioinformatics (CHIRAL Bangladesh)
 - Python Programming (Sololearn)
 - Digital Literacy (90% score)
-

Languages

- Bangla (Native)
 - English (Professional)
 - Arabic (Basic)
 - Hindi (Conversational)
-

Notable Affiliations

- SUST ACM Student Chapter
 - BINARY SUST
 - SUST Science Arena
 - Dawn of Bioinformatics, Ltd
-

Additional Notes

- Portfolio based on public LinkedIn profile as of July 2025
- Includes verifiable certifications and GitHub projects
- Recommendations available on LinkedIn profile
